The republican party has begun war on the Grandfather Clause. Their purpose is to ignore the law and oppose its enforcement with the hope of its ultimate destruction became apparent as refusing to comply with its provisions and as determined to work for its ultimate repeal or destruction. Notwithstanding it, and notwithstanding the fact that it is at present the law of the state, they refused to yield obedience to its enforcement and betray their determination to destroy the law if ever given power to do so.

Thus the issue of the recent primary becomes the issue of the coming state election. The people who fought for white domination in July must renew the fight in October. A vote for Cruise is a vote for white domination—a vote for McNeal is a vote for negro domination. The "railroad bondman" and his entire ticket stand pledged to destroy the Grandfather Clause if elected to office. If the people who voted for the preservation of Oklahoma by securing to Oklahoma a white man's government wish to harvest the fruits of their former victory, they must oppose the election of the republican ticket, for every vote in favor of McNeal and his followers is a vote for the immediate destruction of the political and social life. The voters of the state are now to answer with their suffrage the ominous question: "Shall Oklahoma be Negroled or Anglo-Saxon?"

Perhaps few Vinita people realize that yesterday the Frisco put on the finest and the fastest passenger train ever run over a western road. The "Hustler" from Kansas City to Houston and Galveston. This fine new train passes through Vinita through an alliance with the Southern Pacific railroad and is the fastest train ever run through Vinita. It is all steel, brilliantly illuminated and with an interior finish that dazzles the eye. This makes twenty-two regular passenger trains that Vinita has per day, which makes it the best served city so far as passenger service is concerned in the state.

One of the reasons why political meetings in Craig county are not better attended is for want of proper advertising of dates. When speaking is to be had at a given place it should be thoroughly advertised in that particular neighborhood. It is not entirely due to indifference that small crowds turn out to hear political speeches at the country school houses.

Joe McNeal declares that there are too many state institutions in Oklahoma. That evidently means that if he is elected governor he will set about the task of reducing the number. Craig county has one, the east side state hospital for the insane. It is fair to suppose that McNeal would use his influence to take this institution away from us if he ever has the chance.

If the republicans are sincere in their demand for tax reduction, why do they not reduce taxes in those counties where they have the board of county commissioners? Logan county has the highest county tax rate of all the counties of the state, and in Wagoner county taxes have been increased three dollars on the thousand.

One of the problems and about the only one the democracy of Oklahoma is confronted with now is some means to get the vote out at the election next month. There are democratic votes enough if they can be gotten out on the day of election.

The first step the republicans made toward fair elections was the appointment of Jake Hamon on the election board.

COMING ATTRACTIONS.

"The Squaw Man."

Edith Milton Royle's drama, "The Squaw Man," comes to the Auditorium on October 24. Mr. Westfield impersonates a gallant and manly young officer of the English government; the scion of a noble house, who takes upon himself the crime committed by another that the family honor may not be smirched and innocent lives ruined. He leaves England under this cloud and plunges into the life of the far west, which he pursues for several years; but finally emerges with his name cleared and comes into possession of an earldom and a wife. The character is embodied by Mr. Westfield in a manner that proclaims his adaptability for this kind of stage work. His sentiment is always fine and manful and he seems especially happy in his appeal for public interest and sympathy.
